

THE RIGHT STUFF BLUE RIBBONS

ULTIMATE STACK GOLIATH LABS

Goliath Labs: Science of Bodybuilding Art of Power. Building serious muscle, maximizing physical power, and training with aggressive passion are the three objectives you've achieved becoming a committed bodybuilder. You expect results from intense training and this is why you trust Goliath products. Equally as potent and powerful for managing another vital muscle group is our Ultimate Stack.

Goliath's Ejaculoid and Stimuloid combined make this stack sexually serious. The science of bodybuilding once again conjoins with the art of power. The results are maximized sexual stamina without the fear of unknown analogues.

This stack works both as an effective semen volumizer and a super focused erection formula. In addition to increasing sex drive, Ultimate Stack leads to increased natural testosterone levels and greater vascular blood flow to the extremities in addition to the genital muscles.

Faster, harder and longer lasting erections combined with a higher volume of ejaculate, and increased testosterone levels are the objectives of our Ultimate Stack formula.

The Ultimate Stack is not an option, but a total solution. Power and Performance can now attack the entire body with every muscle being optimized.

DEFENDER BODY FAT CALIPER SEQUOIA FITNESS

Sequoia Fitness Products USA is gearing up for 2011 after a year of the Best of the Best award in 2010 for the Warrior Digital Body Mass (FAT) Caliper. Sequoia's products have recently been featured in the international best seller - The 4-Hour Body. New products are on the way later this summer.

For now, the Warrior and Defender calipers are the easiest to use by oneself, and the Warrior is the only one that can measure Lean Body Mass! The Warrior also provides a large on-screen display in real time showing current and past results.

The Defender Body Fat Caliper uses a color changing mechanism to ensure the right amount of pressure and also uses a wheel chart to make it easy to interpret results.

These are must haves for anyone serious about body fat. And if you are reading Planet Muscle, then you are serious!
